Summary: A psychological thriller that will leave you physically spent. The first installment in my Silent Crime series.

## the night i lied

The Night I died

>\*Stkll a work in progress, still uploading more chapterz lol.

\*update, I finished it, it is meant to be a psychological thriller.

Think outside the bun lol<br>Chapter 1: Love at first butt

>I knew I loved him the moment I screwed him. Being a sensual lady myself I knew that a man was different than a lady but of course I had my fair share of ladies too, in my life.<br>There was something about the way he walked it was his butt. I love a cute butt. I pretend to dress like a women even though I'm a man because my father wouldn't accept me.

>So I was at a bar one night when I saw him, because I saw his butt. It was beautiful, and I was honestly pretty drunk. I invited him home. He said yes. Sl I tied him to the bed and stole his money, after a good screwing. I shot a gas lantern that was next to and the bed caught on fire. I jumped out the window and stole his Mercedes-Benz. I prefer Nissan, honestly.<br>Chapter 2: Reckoning?

>I didn't know how to answer the questions the cops asked me. Did I even know who the dead guy was yeah I did when I screwed him but I didn't tell the cops that, lol.<br>Where did I get the rope to tie him? Why was I dressed like a girl? Because my mom was a girl once so I got girl clothes.

>I pleaded insanity at the trial, so now I'm free to kill again. People should watch their backs, because now I'm angry.<br>2 Days Later: It felt good to kill again, but this time I was caught. I was executed. For this is the night I died.

End  
file.
